**1. Meeting opened** at 5.30 pm, with Council's Projects Manager in the chair.

#### **2. Apologies**

Apologies were received from the Duncan Mitchell, Director Engineering and Property Services.

#### **3. Confirmation of the Minutes**

No previous minutes - meeting cancelled due to lack of quorum

#### **4. Matters Arising from the Minutes**

No matters arising - meeting cancelled due to lack of quorum

#### **5. Kirribilli Public Domain Maintenance Work**

Council received correspondence from a resident highlighting rubbish, garden maintenance, street cleaning, paver cleaning and tress surround maintenance that is required around the commercial precinct of Kirribilli.

Council's Projects Manager confirmed that the work had been passed on to the relevant council officer for actioning. All the items raised have been addressed in recent weeks or are programmed for work in the near future.

#### **6. General Business**

A tree has been damaged, and subsequently removed, from the corner of Fitzroy St and Broughton St outside the BWS. It is believed that the damage was caused when the rubbish bins of the adjacent properties were put out for garbage collection.

*Action: Tree to be replaced with strong guard around it being the same colour as the fencing around the outdoor eating areas.*

*Post meeting clarification – Council’s Parks and Reserves team have been notified of the missing tree. Unfortunately, the optimal planting time has been missed this year and due to the pending summer heat, replanting will be postponed until next spring. At this time, a suitable tree surround will be investigated to better protect the tree in the future.*

An update was requested on the reconstruction of the “Welcome to North Sydney” sign. Council’s Project Manager confirmed the replacement sign is on target to be completed by Christmas.

**7. Next meeting**

TBA

**8. Close of Meeting**

The meeting concluded at 5.50pm.
