**4. New DAs under consideration**

**a. DA 330/2023. 18 Grasmere Rd, Cremorne.**

A motion was proposed by CT Seconded RF that Parks Precinct submit an objection to the proposed development. Passed unanimously.

Comprising three storeys, the proposed building is out of scale with the zoning of the area and will overlook and affect privacy of properties in Earle Street, especially as the land slopes down from Grasmere Rd to Earle St.

The increase in hard surfaces will add to stormwater drainage that is already overloaded, with frequent runoff across the intersection of Earle St and Grafton St causing a traffic hazard.

The Precinct requests a **site meeting** on the matter.

**5. General Business**

CT recommended new interactive website produced by North Sydney Council Historian. "Chinese in North Sydney 1870-1940."
