

PREVENT POLLUTION OR FACE A FINE

On-the-spot fines of \$15,000 for individuals and \$30,000 for corporations apply for your first water pollution offence.

Penalties increase for repeat offences.

Erosion and sediment controls MUST be in place onsite all the time.

Failure to contain sediment, cement, plaster, paint, sand or any site material on the property can result in fines.

Report pollution to Council on 9936 8100 or email council@northsydney.nsw.gov.au
