5. Items for Consideration

5.1. Parking - No Stopping - East Avenue, Cammeray

AUTHOR Jasmine Wong, Transport Engineer

The purpose of this report is to address concerns raised about vehicle access and visibility issues on East Avenue, Cammeray. The report recommends the implementation of “No Stopping” restrictions to clarify the existing NSW Road Rules at intersections, improve safety and vehicle access while minimising loss to on-street parking.

- Council has received concerns regarding vehicle access and visibility on East Avenue, particularly when vehicles are parked on both sides or within 10 metres of the intersection.
- Community consultation on the original proposal, which included converting unrestricted parking to "No Parking" and clarifying "No Stopping" restrictions, showed only 33% support. The original plan would have resulted in the loss of three on-street parking spaces.
- An amended proposal removing one car parking space is proposed. The amended proposal would address the initial access concerns while considering community feedback.

RECOMMENDATION

1. THAT the Committee endorse the reallocation of kerbspace on East Avenue, Cammeray at the following points north of Pine Street as “No Stopping”:

- a. On the western side between the points 0.0 metres and 15 metres;
- b. On the eastern side between the points 0.0 metres and 10 metres;

2. THAT the Committee endorse the reallocation of kerbspace on the northern side of Pine Street, Cammeray between the points 0.0 metres and 10 metres east and west of East Avenue as “No Stopping”.

A Motion was moved by Councillor Baker and seconded by Sergeant Edwards,

1. THAT the recommendation be supported subject to a 10-metre zone on both sides and be implemented as a trial for a period of six months, with a report to return to the Traffic Committee on the findings of the trial.

Sergeant Edwards revoked the trial option and therefore the Motion lapsed.

A Motion was moved by Councillor Baker and seconded by Sergeant Edwards,

1. THAT the committee did not endorse the recommendation.
