Henry Lawson Av Reserve Upgrade Works

Dear Resident/Business Owner,

In response to community requests, North Sydney Council will be installing a series of sandstone blocks along Henry Lawson Av Reserve to stop vehicles from driving onto the grass. Additionally, eroded areas of grass will also be restored. To ensure proper establishment, the new turf will be fenced off from the public for a period of three weeks.

Shamrock Developments International Pty Ltd has been contracted to undertake works. Details are provided below.

- Street Henry Lawson Av, McMahons Point
- Location Henry Lawson Av Reserve (refer overleaf)
- Date Monday 10 February 2025 (Weather Permitting)
- Working Hours Mon-Fri 7am-5pm, Sat 8am-2pm
- Duration 1 week

Parking within the vicinity of work site will be unavailable during the works. Residents are requested to move all vehicles from the areas indicated by barricades and special work zone signs by 6am on Friday 7 February 2025. No vehicles shall be permitted to park in these areas during the works. Failure to comply with this request will only delay the completion of the works and prolong the loss of parking spaces.

All effort will be made to minimise disruption and complete the works as quickly and safely as possible. Council appreciates your cooperation and patience.

If you require further information, please do not hesitate to contact Shamrock Developments International on 0413 671 225. Alternatively, you can contact Council's Engineering Project Manager, Ashraf Doureihi, on 0421 020 129 or ashraf.doureihi@northsydney.nsw.gov.au.

Yours faithfully,

NORTH SYDNEY COUNCIL
