

10.10.North Sydney Olympic Pool - Aqua Dining Tenancy Fitout

AUTHOR	Gary Parsons, Director Open Space & Infrastructure
ENDORSED BY	Marcelo Occhiuzzi, Director Community, Planning and Environment
ATTACHMENTS	1. 4 Alfred St South, Milsons Point- Architectural Plans [10.10.1 - 17 pages]
CSP LINK	2. Our Built Infrastructure 2.1 Infrastructure and assets meet diverse community needs

PURPOSE:

The purpose of this report is for Council to consider a request from Aqua Dining Pty Ltd for Council to provide landowner's consent to accompany the lodgement of a Development Application for the fitout of premises within North Sydney Olympic Pool, which is currently subject to redevelopment by Council.

EXECUTIVE SUMMARY:

- In March 2021 Council entered into an Agreement for Lease with Aqua Dining Pty Ltd; the lease was surrendered on-foot in April 2021 to enable Council to redevelop North Sydney Olympic Pool.
- The Agreement for Lease requires Aqua Dining to fit out the tenancy upon handover of the premises by the landlord (Council); this requires the submission of a Development Application.
- The Environmental Planning and Assessment Act (1979) requires Development Applications to be accompanied by landowner's consent. Under the Agreement for Lease, Council is required to provide landowner's consent to lodge an application for Development Consent.
- The works proposed by the tenant are primarily restricted to inside the building, with the exception of the proposed demolition of the existing line of glazing along the external terrace, which is proposed to be replaced by new bi-folding windows in alignment with the balustrade of the external terrace.

RECOMMENDATION:

- 1. THAT** Council note that there is an Agreement to Lease between Council and Aqua Dining Pty Ltd for premises within the North Sydney Olympic Pool which is currently being redeveloped by Council.
- 2. THAT** Council note Aqua Dining is required to submit a Development Application for the fitout of the premises within the North Sydney Olympic Pool under the Agreement to Lease with Council.
- 3. THAT** Council note that Aqua Dining has now approached Council to provide landowner's consent to accompany the submission of a Development Application for the fitout of the premises within the North Sydney Olympic Pool.

4. THAT Council authorise the CEO to grant landowner’s consent to enable the submission of a Development Application by Aqua Dining Pty Ltd for the fitout of the premises within the North Sydney Olympic Pool.

Background

In March 2021 Council (the landlord) entered into an Agreement for Lease with Aqua Dining Pty Ltd (the tenant), noting that Aqua Dining was in occupation of part of the land that Council was redeveloping as part of the North Sydney Olympic Pool (NSOP) redevelopment project.

The Agreement for Lease requires the tenant to fit out the tenancy upon handover of the premises by the landlord. The tenant is required to submit a Development Application to enable the fitout of the premises. Further details of this Agreement are included within the confidential attachment to this report.

In April 2021, Aqua Dining surrendered the lease on-foot to enable Council to redevelop NSOP.

Report

The Environmental Planning and Assessment Act (1979) requires Development Applications to be accompanied by landowner's consent. Under the Agreement for Lease, Council is required to provide landowner's consent to lodge an application for Development Consent, based on plans and specifications for the fitout works. Plans for the proposed works are attached to this report.

It should be noted that landowner's Consent does not constitute any form of statutory approval and the tenant is subject to the Development Consent Authority, which will be the Local Planning Panel. The tenant will be required to undertake all things necessary to obtain this consent.

The works proposed by the tenant are primarily restricted to inside the building, with the exception of the proposed demolition of the existing line of glazing along the external terrace, proposed to be replaced by new bi-folding windows in alignment with the balustrade of the external terrace.

Issuing landowner's consent does not constitute an agreement to construct the proposed works.

Consultation requirements

The Development Application will be advertised as part of the Development Application process and in accordance with the requirement of Environmental Planning and Assessment Act (1979).

Financial/Resource Implications

There are no financial implications in Council providing landowners consent for the submission of the Development Application by the tenant.

Legislation

Council, as the property owner, is required to provide landowners consent under the Environmental Planning and Assessment Act (1979) for the submission of the Development Application.
