**ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 AS AMENDED
NOTICE OF DETERMINATION – Approval**

Development Application Number: 33/19

Land to which this applies: 2 and 8 Vale Street, Cammeray
Lot No. 2, DP 1170092

Applicant: Mark Sydney Von Somogy

Proposal: Boundary adjustment between two lots

Determination of Development Application: Subject to the provisions of Section 4.17 of the Environmental Planning and Assessment Act 1979, approval has been granted subject to conditions in the notice of determination.

Date of Determination: 7 June 2019

Reason for approval: The development application has been assessed against all applicable environmental planning instruments and was found to be generally satisfactory, including in relation to the North Sydney LEP 2013 and North Sydney DCP 2013.

The development application will not result in any unreasonable adverse effect on the local built and natural environment and will not result in any unreasonable adverse social or economic impact.

The development application would promote the orderly and economic use and development of land and its approval is in the public interest. The development is integrated as a subdivision of bush fire prone land and the RFS general terms of approval are included in the recommended conditions.

Having regard to the provisions of Section 4.15 of the EP&A Act 1979, the application is considered to be satisfactory and therefore, can be approved.

Consent to operate from: 13 June 2019

Consent will lapse on: 13 June 2024

Period of Consent Subject to Section 4.20 of the Act, this consent becomes effective and operates from the date listed above. The consent lapses five years after the date of consent in accordance with Section 4.53 of the Act and cannot be extended. To activate this consent, works must physically commence onsite by 13 June 2024.

How community views were taken into account: The owners of adjoining properties and the Bridgeview Precinct were notified of the proposed development on 1 March 2019. The notification resulted in no submissions.

Review of determination and right of appeal: Within 6 months after the date of notification of the decision, a review of this determination can be requested under Division 8.2 of the Act or an appeal to the Land and Environment Court made pursuant to the provisions of Section 8.7 of the Act. A review of determination should be lodged as soon as possible, and preferably no later two months after the date of notification of the decision to enable the review to be completed within the six-month period.

Plans endorsed by the consent authority – please refer to condition A1.

A. Conditions that Identify Approved Plans

Development in Accordance with Plans/documentation

A1. The development must be carried out in accordance with the Draft Plan of Subdivision titled “Plan of Subdivision of Lot 2 in Deposited Plan 1170092 and Common Property in Strata Plan 8944”, dated 14/02/2019, drawn by Patrick Yui Fai, Pang, and received by Council on 15 February 2019, and endorsed with Council’s approval stamp, except where amended by the following conditions and this consent.

(Reason: To ensure that the form of the development undertaken is in accordance with the determination of Council, Public Information)

J. Prior To the Issue of Any Subdivision Certificate (Land/ Torrens/ Stratum)

Subdivision Certificate

J1. A subdivision certificate that authorises the registration of a plan of subdivision at the NSW Land and Property Information Office must be obtained. The following must be submitted to Council with any application for a Subdivision Certificate:

- a) the original plans of subdivision and administration sheets plus two (2) copies of each, and any original 88B instrument to be endorsed, all **enclosed in a protective cardboard tube** (to prevent damage during transfer);
- b) 2 additional copies of both the plans and any 88B instrument for submission to Customer Services and records for electronic database scanning and copying;
- c) Application for Subdivision Certificate form duly completed with payment of fee current at lodgement;
- d) Written evidence that all applicable conditions of consent to be satisfied, prior to issue of the Subdivision Certificate, have been satisfied (including submission of all required certificates and the like); and
- e) All other information required by the *Environmental Planning and Assessment Act 1979* and *Environmental Planning and Assessment Regulation 2000*.

NOTES:

- 1) Council will check the consent conditions on the relevant subdivision consent. Failure to submit the required information will delay endorsement of the plan of subdivision, and may require payment of rechecking fees.
- 2) **Plans of subdivision and copies must not be folded.**
- 3) **Council will not accept bonds in lieu of completing subdivision works.**

(Reason: To ensure compliance with relevant legislative requirements and maintenance of up to date Council records)

Services within Lots

- J2. A report must be provided by a Registered Surveyor certifying that all services (including but not limited to stormwater drainage, gas, electricity, telephone cable) as constructed or to be constructed are/will be contained within each lot or within the necessary easements to accommodate such services. The report must be submitted to the Certifying Authority for approval prior to the issue of any Subdivision Certificate.

(Reason: To ensure adequate servicing of the development)

Easements, Rights-of-Way and Restrictions-as-to-User

- J3. All easements, rights-of-way, right- of-carriageway, and restrictions-as-to-user as indicated on the plans submitted with the application for the Subdivision Certificate must be registered on the title of the relevant lots.

(Reason: To ensure proper management of land)

Section 88B Instrument

- J4. A Section 88B Instrument and 1 copy are to be submitted with the application for a subdivision certificate. The final plan of subdivision and accompanying Section 88B Instrument are to provide for:

- a) The entire property of proposed Lot 1 to be managed as an inner protection area (IPA) as outlined within section 4.1.3 and Appendix 5 of 'Planning for Bush Fire Protection 2006' and the NSW Rural Fire Service's document 'Standards for asset protection zones'.
- b) The entire property of proposed Lot 2 up to the cliff line to be managed as an inner protection area (IPA) as outlined within section 4.1.3 and Appendix 5 of 'Planning for Bush Fire Protection 2006' and the NSW Rural Fire Service's document 'Standards for asset protection zones'.
- c) An unobstructed pedestrian access to the rear of the property of proposed Lot 2 to be provided and be maintained at all times to aid in firefighting activities.

The instrument creating the restrictions, easements and covenants under the provisions of Section 88B required by these conditions of consent must be lodged for registration with the plan of subdivision. North Sydney Council must be the prescribed authority in the Instrument whose consent is required to release, vary or modify the burdens/benefits

Proof of registration of the restrictions, easements and covenants under Section 88B must be provided to Council within 28 days of registration of the plan of subdivision.

(Reason: To create legal entitlements with the subdivision, as required)

K. Prior to the Issue of any Strata Certificate

Registered Plans (Strata)

K1. The applicant must submit to Council's documentary evidence that the Strata Plan has been registered and the lot(s) exists. The use of the premise must not commence until the documentary evidence has been submitted to and approved by Council.

(Reason: To ensure that the allotments of land are created prior to the commencement of the approved use.)

L. General terms of approval pursuant to Section 4.50 of the Environmental Planning and Assessment Act 1979, (as amended)

Asset Protection Zones

The intent of measures is to provide sufficient space and maintain reduced fuel loads so as to ensure radiant heat levels of buildings are below critical limits and to prevent direct flame contact with a building. To achieve this, the following conditions shall apply:

- L1. At the issue of subdivision certificate and in perpetuity, the entire property of each proposed lot shall continue to be managed as an asset protection zone as outlined within section 4.1.3 and Appendix 5 of 'Planning for Bush Fire Protection 2006' and the NSW Rural Fire Service's document 'Standards for asset protection zones'.
- L2. To aid in fire fighting activities, an unobstructed pedestrian access to the rear of the property of proposed Lot 2 shall be provided and be maintained at all times.
