HS1 (CIS)

**ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 AS AMENDED
SECTION 4.55 MODIFICATION 254/18/2 – APPROVAL**

Development Consent Number: 254/18/2

Land to which this applies: 134 Burlington Street, Crows Nest
Lot No.: Y, DP: 442868

Applicant: Lisa Mclean

Proposal: Section 4.55(1) modifications to DA254/18 to include the correct period of consent.

Pursuant to Section 4.55 of the Act notice is hereby given of the determination by the consent authority of your request for a modification to Development Consent No. **254/18** and registered in Council's records as Application No. **254/18/2** relating to the land described as **134 Burlington Street, Crows Nest**.

Your request for the modification of the Development Consent as set out in Notice of Determination dated 23 November 2018, has been determined in the following manner: -

- To modify the development consent (D254/18) to reflect the correct period of consent. The development consent shall expire on 3 December 2023.***
-

Reason for approval:

The proposed change has resulted from a minor oversight made in the imposition of conditions in this instance. The inclusion of architectural plans within the scope of works are accordingly supported in this regard. The mechanism of Section 4.55(1) for the correction of this error is appropriate in its usage in this instance. The modification is supported in this regard.

How community views were taken into account:

The development application, due to the minor nature of the proposal, was not required to be notified nor advertised pursuant to Part A Section 4 of the North Sydney Development Control Plan 2013. The development will not have a material impact on surrounding buildings. The public interest will be served through the assessment of the application against the applicable controls.

The conditions attached to the original consent for Development Application No. 254/18 by endorsed date of 23 November 2018 still apply.

ADVISINGS

- (a) Council is always prepared to discuss its decisions and in this regard, please do not hesitate to contact **Hugh Shouldice**. However, if you wish to pursue your rights of appeal in the Land and Environmental Court pursuant to Section 8.7 of the Environmental Planning and Assessment Act 1979 (as amended), you are advised that Council generally seeks resolution of such appeals through a Section 34 Conference, instead of a full Court hearing, subject to any further advice to the contrary from Council's Solicitors and senior staff. Such an approach is less adversarial, it achieves a quicker decision than would be the case through a Court hearing and it can give rise to considerable cost and time savings for all parties involved.
- (b) Pursuant to Section 8.2, an applicant is able to request Council to review its determination. An application for a review under Section 8.2 of the Act must be made no later than 28 days after the date on which the application for the modification of the development consent was determined.
- (c) Prior to commencing any building, subdivision or associated constructions works, the following provisions of the Environmental Planning and Assessment Act 1979 (the 'Act') are to be complied with:
 - (i) A Construction Certificate is to be obtained in accordance with Section 6.3 of the Act.
 - (ii) A Principal Certifier is to be appointed and Council is to be notified of the appointment in accordance with Section 6.6 of the Act.
 - (iii) Council is to be notified at least two (2) days of the intention to commence building works, in accordance with Section 6.6(2)(a) of the Act.
- (d) You are advised that changes to the external configuration of the building, changes to the site layout, density and unit configuration internal changes to the proposed building or any changes to the proposed operation of a use **MAY** require the submission of a further modification under Section 4.55 of the Environmental Planning & Assessment Act, 1979 (as amended).

Council staff would be pleased to assist in identifying such changes which may require the submission of a modification of a Development Application under Section 4.55 of the Environmental Planning & Assessment Act.
