#### NORTH SYDNEY COUNCIL REPORTS

# **Report to General Manager**

Attachments:

Nil

**SUBJECT:** Quarterly Budget Review - June 2019

**AUTHOR:** Darren Goode, Manager Accounting Services

**ENDORSED BY:** Margaret Palmer, Director Corporate Services

#### **EXECUTIVE SUMMARY:**

The purpose of this report is to inform Council of the results of the review of the budget for the quarter ended 30 June 2019 and seek approval for the carry forward amounts.

In the past, a fourth quarter budget review has not tended to be completed as it has been overtaken by end of year reporting. In order to further improve budget oversight and align financial reporting with reporting against the Operational Plan, it is intended to complete a fourth quarter budget review in the future. The end of financial year reporting, including any accrual adjustments required under the Accounting Standards will also continue to occur in line with external auditing timeframes.

#### FINANCIAL IMPLICATIONS:

For the year ended 30 June 2019, Council achieved a <u>net operating surplus before capital grants</u> and contributions of \$2.9 million. After allowing for net transfers from reserves of \$11.4 million, the <u>revised budget surplus</u> was \$3.1 million.

## **RECOMMENDATION:**

- **1. THAT** the Quarterly Budget Review June 2019 report be received.
- **2. THAT** the 2019/20 budget be amended to reflect funds carried forward from 2018/19 to complete projects as outlined in the report. The amendments will be presented with the revised budget at the first quarter review for 2019/20.

### LINK TO COMMUNITY STRATEGIC PLAN

The relationship with the Community Strategic Plan is as follows:

Direction: 5. Our Civic Leadership

Outcome: 5.1 Council leads the strategic direction of North Sydney

#### **BACKGROUND**

With the introduction of Integrated Planning and Reporting, the Division of Local Government developed a set of minimum requirements and sample templates to provide Councils with sufficient information to enable informed decision making and ensure that they remain on track to meet the objectives, targets and outcomes set out in their Operational Plan and Delivery Program. Collectively, these documents are known as the Quarterly Budget Review Statement (QBRS).

The QBRS indicates how Council is tracking against its original and revised annual budgets at the end of each quarter and provides explanations for major variances that result in recommendations for budget changes. It also enables the Responsible Accounting Officer to indicate if council will be in a satisfactory financial position at the end of the financial year, given the changes to the original budgeted position.

The QBRS is reported to Council at the end of each quarter in accordance with Section 203 of the *Local Government (General) Regulation 2005*.

## **CONSULTATION REQUIREMENTS**

Community engagement is not required.

### SUSTAINABILITY STATEMENT

The following table provides a summary of the key sustainability implications:

QBL Pillar	Implications		
Environment	There are no perceived short or long-term environmental implications.		
Social	There are no perceived short or long-term social implications.		
Economic	The economic implications are set out in the report.		
Governance	• Section 203(1) of the Local Government (General) Regulation 2005		
	requires this report this report to be submitted to Council no later than 2		
	months after the end of the relevant quarter (except the June quarter).		

#### **DETAIL**

## **Summary of the 2018/19 Operating Result**

For the year ended 30 June 2019, Council achieved a <u>net operating surplus</u> of \$18.7 million including capital grants and contributions. This was an improvement of \$11.4 million on the surplus of \$7.3 million forecast in the Original Budget included in the Delivery Program 2018/19-2020/21 incorporating the Operational Plan 2018/19 adopted by Council on 25 June 2018. In the Quarterly Budget Review at the end of the March Quarter reported to Council 27 May 2019, the surplus was revised to \$9.2 million.

The better than expected result can be largely attributed to the earlier than anticipated receipt of some large developer contributions in the final quarter of the year and the partial receipt of a grant from Transport for NSW to fund urban landscaping works along the Military Road corridor in conjunction with The Northern Beaches B-Line program which was approved after the Original Budget had been adopted.

Excluding capital grants and contributions, the surplus for the year was \$2.9 million. This was an improvement of \$400,000 on the \$2.5 million surplus forecast in Original Budget. In the Quarterly Budget Review at the end of the March Quarter, the surplus was revised down to \$69,000.

Greater than expected fee revenue emanating from increased development in the North Sydney CBD and on and off-street parking contributed to the better than expected result before capital grants and contributions. However, this was offset somewhat by increased contractor costs and a \$1.5 million increase in the provision for employee leave entitlements.

The following table provides a reconciliation of the forecast and actual <u>operating result</u> to the <u>budget result</u>.

		Revised	
	Original	Budget at 31	
	Budget	March 2019	Actual
	(\$'000)	(\$'000)	(\$'000)
Net Operating Surplus before Capital Items		69	2,885
plus			
Capital Grants and Contributions	4,850	9,148	15,773
Surplus from Continuing Operations		9,217	18,658
plus			
Depreciation	21,000	22,100	22,112
Proceeds from Disposal of Plant	808	808	627
Net Losses from Disposal of Infrastructure, Property, Plant & Equipment	-	-	1,481
Increase in Provision for Employee Leave Entitlements		-	1,456
less			
Capital Expenditure (other than Plant Purchases)	(22,628)	(41,591)	(27,621)
Plant Purchases	(2,110)	(2,110)	(1,216)
Net Gains from Disposal of Infrastructure, Property, Plant & Equipment	(402)	(402)	-
Loan Principal Repaid		(589)	(589)
Increase in Fair Value of Investment Properties		-	(355)
In-kind Developer Contribution	-	-	(62)
Revised Budget Surplus/(Deficit) before net transfers to/from Reserves		(12,567)	14,491
Net transfers (to)/from Reserves	(2,989)	12,567	(11,353)
Revised Budget Surplus	-	-	3,138
Additional revenue transferred to Capital Works Reserve in December Budget Review	-	-	1,500
Original Budget Surplus	-	-	4,638

The original budget adopted by Council was balanced after allowing for net transfers to reserves of \$3 million. The revised budget as at 31 March was balanced after allowing for net transfers from reserves of \$12.6 million. The actual result for the year compared to the revised budget was a \$3.1 million surplus. This result was achieved after \$1.5 million of additional revenue had been transferred to the Capital Works Reserve in the December Budget Review. Hence, the actual result for the year compared to the original budget was a surplus of \$4.6 million. The revised budget surplus of \$3.1 million has been transferred to the Capital Works Reserve and is available to be allocated to fund discretionary projects in future years.

There were several non-capital discretionary projects that were incomplete at 30 June 2019 and it will be necessary to carry forward \$1.6 million from 2018/19 to 2019/20 to fund their completion. The projects, amount carried forward and the funding source are listed below.

Project / Program	Amount (\$)	Funding Source

# **Summary of the 2018/19 Capital Budget**

The original budget included an allocation of \$22.6 million for capital expenditure (excluding plant replacement). A further \$18 million was required to be carried forward from 2017/18 to 2018/19 to fund capital projects incomplete at 30 June 2018. An additional \$1 million was allocated to the capital budget during the year as a result of amendments adopted by Council. Hence, in the Quarterly Budget Review at the end of the March Quarter, the total capital budget was \$41.6 million. At 30 June 2019, a number of capital projects were incomplete and \$13.3 million will be required to be carried forward from 2018/19 to 2019/20 to fund their completion. The projects, amount carried forward and the funding source are listed below.
