**ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 AS AMENDED
SECTION 4.55 MODIFICATION 301/19/2 – APPROVAL**

Development Consent Number: 301/19/2

Land to which this applies: 34 McLaren Street, North Sydney
Lot No.: 11, DP: 1170557

Applicant: Gidget Foundation Australia

Proposal: To modify consent for alterations to ground floor and fit-out and operation of first floor as health consulting rooms.

Pursuant to Section 4.55 of the Act notice is hereby given of the determination by the consent authority of your request for a modification to Development Consent No. **301/19** and registered in Council's records as Application No. **301/19/2** relating to the land described as **34 McLaren Street, North Sydney**.

Your request for the modification of the Development Consent as set out in Notice of Determination dated 26 November 2019, has been determined in the following manner: -

To add the following new conditions namely:

Development in Accordance with Plans (S4.55 Amendments)

- A4. The development being carried out in accordance with plans identified in Condition A1 of the consent and endorsed with Council's approval stamp, except as modified by the modifications shown by clouding and in red on:

Plan No.	Issue	Title	Drawn by	Received
SK-SITE	A	Location Plan	Arc Architects	5 June 2020
SK-A001	A	Site Plan	Arc Architects	16 June 2020
SK-A002	A	Ground Floor Plan	Arc Architects	5 June 2020
SK-A003	A	Upper Floor Plan	Arc Architects	5 June 2020
SK-108	A	North Elevation	Arc Architects	5 June 2020

except as amended by the following conditions and this consent.

(Reason: To ensure that the form of the development undertaken is in accordance with the determination of Council, Public Information)

Landing and shade structures

E15. The repair of the rear landing and balustrades shall match the Queen Anne details of the original building and as per the detailing used in the construction of this later work. The colours, finishes and materials are to match the existing.

The proposed tensile shading structure shall be secured to the existing building by inserting the stainless-steel bolts into the mortar joints only to minimise impact on the fabric of the original building.

(Reason: To protect the architectural integrity and character of the existing heritage building)

Reason for approval:

The proposed modification is considered to be consistent with the originally approved development application and s.4.55 of the EP & A Act 1979. The proposed modification is consistent with the reasons for the granted of development consent to the originally approved development and is considered to be acceptable.

Having regard to the provisions of section 4.55 & 4.15(1) of the Environmental Planning and Assessment Act 1979, the proposed development as modified is substantially the same development as originally consented to. The application is therefore recommended for approval.

How community views were taken into account:

The application did not require notification due to the minor works and demolition of an external stair. The property is adjacent to Council Offices and there are no other neighbours.

The conditions attached to the original consent for Development Application No. 301/19 by endorsed date of 26 November 2019 still apply.

ADVISINGS

- (a) Council is always prepared to discuss its decisions and in this regard, please do not hesitate to contact **the undersigned**. However, if you wish to pursue your rights of appeal in the Land and Environmental Court pursuant to Section 8.7 of the Environmental Planning and Assessment Act 1979 (as amended), you are advised that Council generally seeks resolution of such appeals through a Section 34 Conference, instead of a full Court hearing, subject to any further advice to the contrary from Council's Solicitors and senior staff. Such an approach is less adversarial, it achieves a quicker decision than would be the case through a Court hearing and it can give rise to considerable cost and time savings for all parties involved.

- (b) Pursuant to Section 8.2, an applicant is able to request Council to review its determination. An application for a review under Section 8.2 of the Act must be made no later than 28 days after the date on which the application for the modification of the development consent was determined.
- (c) Prior to commencing any building, subdivision or associated constructions works, the following provisions of the Environmental Planning and Assessment Act 1979 (the 'Act') are to be complied with:
 - (i) A Construction Certificate is to be obtained in accordance with Section 6.3 of the Act.
 - (ii) A Principal Certifier is to be appointed and Council is to be notified of the appointment in accordance with Section 6.6 of the Act.
 - (iii) Council is to be notified at least two (2) days of the intention to commence building works, in accordance with Section 6.6(2)(a) of the Act.
- (d) You are advised that changes to the external configuration of the building, changes to the site layout, density and unit configuration internal changes to the proposed building or any changes to the proposed operation of a use **MAY** require the submission of a further modification under Section 4.55 of the Environmental Planning & Assessment Act, 1979 (as amended).

Council staff would be pleased to assist in identifying such changes which may require the submission of a modification of a Development Application under Section 4.55 of the Environmental Planning & Assessment Act.
